## PROFILE

Motivated and reliable graduate Bachelor of Information Technology at the University of South Australia, seeking to begin my career in a dynamic and growth-focused company. With a strong customer service background and a natural flair for organisation and communication, I'm eager to apply my problem-solving skills in an operations and administrative setting.

## WORK EXPERIENCE

- Hungry Jacks-Dry Creek** 2021-PRESENT  
Shift Supervisor
  - Delivered fast and friendly service in a high-paced environment
  - Handled cash and processed transactions accurately
  - Trained new team members and supported shift managers
  - Practiced clear communication and teamwork on every shift
- Liberty Petrol Station-Windsor Garden** 2020-2022  
Store Manager
  - Supervised daily store operations and managed a team of staff
  - Created staff rosters, handled shift coverage, and ensured smooth scheduling
  - Oversaw inventory, performed ordering, and ensured accurate stock levels
  - Delivered high-quality customer service and resolved client issues professionally
  - Managed cash handling, banking, and reconciliation of daily sales

## PROJECT

- Client Website Development Project  
University of South Australia—Capstone Project 2025
- Collaborating with a real-world client to design and develop a responsive multi-portal website as part of a team
  - Involved in client meetings, requirement gathering, and implementing booking and discussion functionalities
  - Tools and technologies used: HTML, CSS, JavaScript, ReactJS, Tailwind CSS, GitHub
  - Strengthening skills in team communication, project coordination, and practical application of development knowledge

## ACHIEVEMENT

- Awarded as the best project award in the university for the Capstone Project.
- Got the chance to present our project among school teachers.
